## Survey Summary

Surveyed April 2004 through March 2005

**Effort:** 163 trap-net lifts and 294 fyke-net lifts

| Species         | Total catch | Length range (in) | Average length (in) |
|-----------------|-------------|-------------------|---------------------|
| White sucker    | 7,586       | 6.0–20.9          | 12.4                |
| Yellow perch    | 3,848       | 4.3–13.5          | 7.1                 |
| Walleyes        | 3,295       | 4.9–28.0          | 14.0                |
| Rock bass       | 2,451       | 3.1–12.0          | 6.9                 |
| Smallmouth bass | 2,125       | 3.0–20.2          | 12.8                |
| Pumpkinseed     | 537         | 3.0–12.6          | 5.9                 |
| Brown bullhead  | 377         | 6.2–17.0          | 13.8                |
| Bluegill        | 309         | 2.8–9.8           | 6.2                 |
| Northern pike   | 232         | 10.9–42.0         | 23.3                |
| Bowfin          | 79          | 12.1–28.9         | 23.3                |
| Common shiner   | 38          | 5.1–7.3           | 6.3                 |
| Longnose gar    | 15          | 12.7–41.5         | 29.6                |
| Largemouth bass | 9           | 8.2–21.1          | 14.2                |
| Yellow bullhead | 3           | 11.5–12.3         | 11.9                |
| Green sunfish   | 1           | 3.7               | 3.7                 |
| Common carp     | 1           | 32.7              | 32.7                |

*Detailed information on abundance, growth, and mortality of walleyes, northern pike, and smallmouth bass in Grand Lake will be available soon. For information on harvest of these species, please refer to the [Creel Survey Estimates](#).*
